## About Check-Cap Ltd.

Check-Cap is a clinical stage medical diagnostics company developing the first system for preparation-free scanning and imaging of the inner colon to identify precancerous polyps and cancers while being less invasive than traditional procedures. The Company is developing an ingestible capsule that utilizes proprietary, ultra-low-dose X-ray technology to safely generate high-resolution, 3-dimensional imagery of the interior of the colon. Without requiring bowel preparation or diet and activity modifications, Check-Cap's system is designed to increase patient acceptance and adherence to colorectal cancer screening recommendations. The Check-Cap system is currently not cleared for marketing in any jurisdiction.
